

PIEF RTO Services Limited: RTO number 40778

WorkSafe Tasmania's Requirements for RTWCs and IMCs 2022 Program

Who is this course for?

WorkSafe Tasmania has specific requirements regarding training for Return to Work Coordinators (RTWC's) and Injury Management Coordinators (IMC's) wishing to work in Tasmania.

Return To Work Coordinators

Organisations employing 100 or more employees are strongly encouraged by WorkSafe Tasmania to have a Return to Work Coordinator trained in the three units of competency as outlined in the below table.

Injury Management Coordinators

From the 1st March 2021, Injury Management Coordinators are required to complete a Certificate IV in Personal Injury Management (FNS42120) or a Diploma of Personal Injury and Disability Insurance Management (FNS51920) in order to meet State legislative requirements. The qualifications listed below have been designed to include electives from the Return to Work field.

RETURN TO WORK COORDINATOR - 3 units required
Tuition fees: Learning & Assessment \$1300 Assessment/RPL only \$820

PIEF clusters units that have related content together in what PIEF refers to as Skill Pods, allowing assessments to be streamlined.

Skill Pod	Unit(s) of Competency
Personal Injury Relationships	FNSPIM419 Maintain relationships with personal injury clients
Guide Recovery & Return to Work	FNSPIM411 Plan and implement rehabilitation and return to life strategies*
	FNSPIM425 Facilitate recovery and return to life

All fees include a \$250.00 non-refundable administration fee

Pathways for RTWCs – FNS42120 Certificate IV in Personal Injury Management
