

# CONFINED SPACE

RIIWH5202E

SGC Safety is proud to train under the KGE Mines Rescue banner for all RTO Courses

## Contents Include:

- Legislation, codes of practice and Australian Standards relating to confined spaces.
- An understanding of confined space hazard identification, safe work procedures, confined space entry/exit procedures.
- Emergency response planning
- Equipment required
- Confined space roles
- Gas detection methods

Our difference is in our training method which incorporates mock group scenarios and trainers with real world experience. Delivery is all face to face and assessment is blended with, practical theory and holistic assessment.
