

CPCCLDG3001 Licence to perform dogging

Introduction

MIWT Pty Ltd is a Registered Training Organisation (RTO 41232) with the Australian Skills Quality Authority. MIWT has on offer the unit of competency CPCCLDG3001 Licence to perform dogging which is drawn from the training package CPC Construction Plumbing and Service Training Package, as a standalone unit which leads to a High Risk Work Licence (HRWL) Dogging.

The purpose of this training is to enable workers to perform slinging techniques, including the selection and inspection of lifting gear and/or the directing of the crane operator in the movement of the load when the load is out of view of the crane/ operator for licensing purposes.

Course Description:

The program provides participants with the skills and knowledge to identify lifting components, discard damaged equipment and sling a load and direct the crane operator.

As a result of this program, participants will be able to:

- Planning the task requirements
- Selecting and inspecting lifting equipment
- Preparing the site including hazard assessment
- Perform the lifting task, directing the crane operator

Unit of Competency

The dogging course comprises 1 unit of competency.

Module	Unit of Competency
1	CPCCLDG3001A Licence to perform dogging

National recognition

This unit of competence has been drawn from the nationally endorsed industry training package CPC - Construction, Plumbing and Services Training Package (Release 9.0) On successfully completing the training and assessment, a Statement of Attainment (SoA) for the unit CPCCLDG3001 Licence to perform dogging will be issued along with a HRWL for Dogging The unit of competency is nationally recognised and provides individuals with a valuable qualification that can be applied throughout Australia.

Program outline

The course will be delivered using different modes of delivery involving classroom-based instruction and practical skills development sessions. Training will be coordinated from MIWT head office and delivered in a simulated work environment or at the MIWT training facility Warehouse 21 located at 57 Albert Road Moonah Tasmania.

Candidates will participate in facilitated learning sessions using handouts and discussion. During practical sessions, candidates will be asked to work in a group and facilitated through a range of practical skills using various lifting equipment. Participants will learn skills through practical instruction using demonstrated performance methods such as: Demonstration, explanation.

Expected duration

The program is delivered over **5 days consisting of 8 hour / days** and is comprised of theory and practical sessions. The program culminates with the HRWL National assessment.

Assessment requirements

Candidates must successfully complete all assessment activities in order to be assessed as competent.

The assessment for the dogging course is to be conducted using a combination of written theoretical assessment and practical assessment during simulated workbased scenarios. The following assessment methods are to be applied to collect the required assessment evidence in accordance with training package requirements:

Performance Assessment

The candidate will be required to demonstrate their practical skills set integrated with their knowledge during practical assessment activities. These activities are sourced from varying equipment inspection, pre-operational site checks, equipment selection and directing the crane operator. Trainers will regularly challenge test candidates throughout the course on varying equipment and mark their practical checklist accordingly.

All candidates are required to take part in a practical scenario to complete the course. All participants to show competence to undertake the activity with a holistic approach understanding all the varying roles and responsibilities.

Written Theory Assessment

The candidate will be required to satisfactorily complete the National HRWL theory assessment comprising 71 short answer & multiple-choice questions and 5 dogging calculation questions. These will be marked on the spot in order to provide the candidate with immediate feedback.

Entry requirements

There are age restrictions set by the Work Health and Safety legislation, **all participants must be at least 18 years of age to complete the National High Risk Work Licence Assessment.**

This course requires the participant to comprehend and complete MIWT's learning materials, i.e. MIWT's Risk Assessment/ Job Safety Analyses, and the oral/written knowledge assessment.

Language, literacy and numeracy requirements

Persons who undertake this program require sufficient literacy and numeracy skills to read, comprehend and complete the National HRWL Assessment, MIWT's learning materials, i.e. MIWT's Safe Work Method Statement (SWMS), and MIWT's the oral/written knowledge assessment.

Recognition of Prior Learning

Applicants can apply for recognition of their existing skills and knowledge that are relevant to the unit of competency. These skills and knowledge may have been obtained through workplace training or experience and may reduce the time required to complete the program. Candidates are encouraged to notify MIWT of their interest or intention to apply for RPL prior to their enrolment.

Candidate Information

Detailed Candidate information is available within our Participant Handbook which is supplied with the enrolment package. This booklet contains important information about a Candidate's rights and obligations such as their right to privacy, a safe training environment and the right to complain or appeal an assessment decision. It is important that persons applying for enrolment have had an opportunity to review this information first. Please contact us and we can send this information to you straight away.

Clothing Requirements

Clients must wear covered work boots, Hi-vis work wear, safety helmet and gloves for the practical component of the training.

Where a client does not wear covered work boots and work wear they may not be able to participate in the practical component due to work health and safety concerns.

Our Guarantee to Candidates

MIWT is responsible for the quality of the training and assessment to be provided during your enrolment and for the issuance of any AQF certificates issued to you.

MIWT Cost / Participant: \$1250.00

Licence Fee payable to Service Tasmania \$70.00
