

Telescopic Handler – Gold Card Trained Operator Licence (TSHA)

Course Overview

This course covers all the requirements for obtaining a TSHA Trained Operator Licence. Successfully completing this course will allow you to operate any type of non-slewing telehandler within Australia. Training will be completed with fork tynes, however if required, training can also be completed with other attachments such as crane jibs, earthmoving buckets, grabs etc.

This course does not cover the requirements for operating a slewing telehandler or for crane jib attachments with a lifting capacity over 3 tonnes. A High Risk Work licence class C2 or above is required for slewing telehandlers, or CN or above for crane jib attachments over 3 tonne.

Prerequisites

There are no prerequisites for this course.

Telescopic Handler Association conditions for assessment:

- Applicants to be at least 18 years
- Speak and understand English at a level to be able to participate in the training and assessment.
Note: Oral assessments can be arranged for applicants with writing and reading difficulties.
- Able to produce sufficient identification with name and photo (ie drivers licence, passport etc).

Learning outcome

On completion of the course, participants will have gained the following skills and knowledge to:

- Plan Operations: Hazard management and consultation
- Pre-operational Inspections: on the telehandler and each type of attachment being conducted
- Operate: shifting loads and travelling through obstacles
- Conclude Operations: Parking, securing the equipment and following site specific procedures

Duration

Total duration is 1 day. Training and assessment is conducted on the same day by an TSHA Accredited Trainer.

Course Outline

- Presentation, discussion and TSHA operational activities
- Practical training telehandler and each type of attachment
- Knowledge and Practical Assessment

Outcome

Upon successful completion of the course, a Gold Card Trained Operator Licence will be issued by the TSHA with each type of attachment successfully completed.

Location

Training is conducted on your site providing the following requirements are met:

- Training room with tables, chairs and screen (or blank wall for a projector)
- Suitable clear operating area
- Telehandler (in serviceable condition with no faults and operator manual present)
- Each type of attachment required (in serviceable condition with no faults)
- Fall Arrest harness with current inspection (for EWP platform attachment)

Course Sizes

- Maximum 5 participants
- Minimum 4 participants for onsite training

Fees and Charges

The course fee is \$500 per person (GST exempt). This fee includes all course materials, TSHA Application fee and issue of the wallet sized Gold Card Trained Operator Licence.

Travel and parking costs may apply to onsite training.

Cancellations within 48 hours may incur a 20% cancellation fee.

No refund is given for non-attendance or cancellation on day of training.

More information can be found on our website or a hard copy can be obtained from the office.

A re-issue of Statement of Attainment certificates will incur a fee of \$30.

Replacement Gold Card Licences are completed directly through TSHA.
