

# Grid Connect

Tasmania

## Units of Competency

This course includes the following units of competency:

- UEERE0022 Solve basic problems in photovoltaic energy apparatus and systems
- UEERE0011 Design grid-connected photovoltaic power supply systems
- UEERE0016 Install, configure and commission LV grid-connected photovoltaic power systems

## Pre-Requisites

Electrician's Licence

## Course Duration

5 days

## Venue

TasNetworks Training Centre, Comms & Tech Room, 8 Mornington Road, Mornington TAS 7018

## Dates, Cost and Registration

Monday 21/08/2023 - Friday 25/08/2023, 8am-4pm.

\$2100 +GST

<https://necaeducation.com.au/course/necgdc003/>

## Course Information

The course provides licensed electricians with the skills to design, install, set up, test, fault find, repair and maintain grid connected photovoltaic systems and the associated equipment.

This course runs over six days and will provide you with the necessary qualifications to apply for accreditation from the Clean Energy Council for the Grid Connect PV Systems accreditation.

## State-of-the-art delivery

NECA Education & Careers provides cutting edge technology and equipment to support today's interactive learning environment giving you access to the current tools of the trade.

## Industry Connection

NECA Education & Careers is electrical industry owned and operated. This allows for industry input into curriculum ensuring you are industry ready.

ABN 53 054 944 366 ITOID 21098
