

COURSE NAME	COURSE AUDIENCE	COURSE OVERVIEW & LEARNING OUTCOMES	ASSESSMENT QUESTIONS	CPD POINTS/DURATION
Mental Health in the Workplace	Builder	<p>This course will focus on giving you an understanding of mental health and illness so you are aware of different types of mental illness and how they may affect a person. You will also learn your legal obligations surrounding mental health, and how to manage mental illness in the workplace. Skills to create mentally healthy workplaces will also be covered in this course.</p> <p>Managing worker's mental health in the workplace is similar to managing a worker's physical health. A worker's ability to perform their job role, communicate, problem solve and work in a team is enhanced if their mental health is also considered. If worker's mental health is not considered or monitored there can be a risk their mental health will get out of balance and lead to a mental illness.</p>	<p>A series of online closed questions that are auto marked; questions are directly related to the learning material covered in the course.</p> <p>Participants are required to achieve a pass rate of 80% to successfully complete the course.</p> <p>The course allows up to three (3) attempts to successfully complete all the assessment questions. Participants will be sent a CPD certificate by email upon successful completion of the course materials and assessment process</p>	1 CPD point / 1 Hour
