

# PROVIDE ADVANCED FIRST AID

HLTAID014

SGC Safety is proud to train under the KGE Mines Rescue banner for all RTO Courses

Our difference is in our training method which incorporates mock group scenarios and trainers with real world experience. Delivery is all face to face and assessment is blended with, practical, theory and holistic assessment.

- Recognise an emergency situation.
- Identify, assess and manage immediate hazards to health and safety of self and others.
- Provide first aid and monitor the casualty's condition in accordance with established first aid principles.
- Operate and use first aid equipment and resources.
- Perform Cardiopulmonary resuscitation (CPR) in accordance with Australian Resuscitation Council (ARC) guidelines.
- Successfully coordinate evacuation of casualties and arrange support services in accordance with relevant principles and procedures.
