

# SELECT SAFETY TASMANIA

## RIIHAN301E- OPERATE ELEVATING WORK PLATFORMS (<11M)

---

### Overview

This unit describes the skills and knowledge required to operate an elevating work platform under 11m.

This unit applies to those working in operational roles.

The work required in this unit relates to the National Standard for High-Risk Work but this unit does not provide the licence. Licensing, legislative, regulatory or certification requirements that may apply to this unit can vary between states, territories, and industry sectors, and must be sourced prior to applying this unit.

This unit alone does not provide sufficient skill to independently load and unload equipment. To perform this activity safely, personnel must either complete or be assisted by someone who has completed RIIHAN308F Load and Unload Plant or equivalent.
