

Supervise Asbestos Removal

CPCCE4008

SGC Safety is proud to train under the KGE Mines Rescue banner for all RTO Courses

Our difference is in our training method which incorporates mock group scenarios and trainers with real world experience. Delivery is all face to face and assessment is blended with practical and theory.

Pre-requisite Course:
White Card

Course Content

- Plan for asbestos removal
- Prepare site for removal
- Supervise testing, compliance, and documentation in consultation with the licensed asbestos assessor and the asbestos removalist.
- Oversee removal and decontamination processes.
- Supervise and support team members.
