

SELECT SAFETY TASMANIA

TLILIC0003 – LICENCE TO OPERATE A FORKLIFT TRUCK

Overview

Our 2-day training course is designed for people who have had minimal or no forklift operating experience. It is an intensive training course with 1 day allocated to the theoretical and calculations components of the new testing instrument. Those students who are successful in the theoretical units of the program then progress to 1 day of hands-on, practical training.

- Introduction to forklifts
- Pre-operation checks
- Plan work
- Risk management
- Emergency procedures
- Shifting loads
- Maneuvering
- Stacking pallets
- Heavy loads
- Shut down
- Assessment day including practical & theory tests
